European Journal of Clinical Investigation

The Journal of the European Society for Clinical Investigation

Editors-in-Chief I. W. Percy-Robb, N. D. C. Finlayson

Editor of Editorials F. Oliver

Editorial Board J. L. Anderton, J. M. Bone, B. F. Clarke, F. Cockburn, M. A. Eastwood, D. C. Evered, A. Ferguson, C. D. Forbes, W. M. Hunter, W. Lutz, A. L. Muir, B. L. McClelland, J. G. McVie, O. D. Mjøs, I. A. Nimmo, J. A. Raeburn, J. Seth, J. Shepherd, J. A. Simpson, H. Thurston, A. D. Toft, P. Tothill, A. H. Wyllie

Volume 10, 1980

Published for the European Society for Clinical Investigation
By Blackwell Scientific Publications, Oxford London
Edinburgh Boston Melbourne

The copyright for all languages and countries, including the right to reproduce by photographic or other means, is transferred to the European Society for Clinical Investigation as soon as the manuscript is accepted and published by them.

The use of registered names, trade-marks, etc., in this publication does not imply, even in the absence of a specific statement, that such names are exempt from the relevant protective laws and regulation and therefore free for general use.

Printed in Great Britain at the Alden Press, Oxford.

Contents of Volume 10

Number 1, February 1980

Editorial: Collagen in acquired connective tissue diseases: an active or passive role?
Allen J. Bailey and Victor C. Duance 1

Editorial: Regulation of endogenous plasma triglyceride concentration: can we measure the rate of production or of removal of endogenous plasma triglycerides in man?
Lars A. Carlson 5

Biochemistry and histology of the connective tissue of Dupuytren's disease lesions
S. Bazin, M. Le Lous, V. C. Duance, T. J. Sims, A. J. Bailey, G. Gabbiani, G. d'Andiran, G. Pizzolato, A. Browski, C. Nicoletis and A. Delaunay 9

Very low density lipoprotein overproduction in genetic forms of hypertriglyceridaemia
Alan Chait, John J. Albers and John D. Brunzell 17

Metabolism of endogenous plasma triglyceride in familial hypercholesterolaemia: studies of affected and unaffected siblings of two kindreds
Bo Angelin 23

Phytosterolaemia, xanthomatosis and premature atherosclerotic arterial disease: a case with high plant sterol absorption, impaired sterol elimination and low cholesterol synthesis
Tatu A. Miettinen 27

Insulin and glucose uptake and insulin sensitivity in patients with peripheral arterial insufficiency
Jan Hammarsten, Göran Holm, Jan Holm and Tore Scherstén 37

Effect of lipoprotein concentration and lecithin: cholesterol acyltransferase activity on cholesterol esterification in human plasma after plasma exchange
S. Thanabalasingham, G. R. Thompson, I. Trayner, N. B. Myant and A. K. Soutar 45

Haemostatic effects of lysine vasopressin and triglycyl lysine vasopressin infusion in patients with cirrhosis
C. V. Prowse, J. G. Douglas, J. A. H. Forrest and M. L. Forsling 49

Arterial blood gas tensions in acute severe asthma
Michael Rudolf, J. F. Riordan, B. J. B. Grant, D. J. Maberly and Kenneth B. Saunders 55

The role of polymorphonuclear leucocytes and T lymphocytes in experimental murine amyloidosis
I. Kedar and M. Ravid 63

Cyclic AMP production in isolated colonic epithelial crypts: a highly sensitive model for the evaluation of vasoactive intestinal peptide action in human intestine
C. Dupont, M. Laburthe, J. P. Broyart, D. Bataille and G. Rosselin 67

The effect of ethynyl oestradiol on biliary lipid composition in young men
A. Anderson, O. F. W. James, H. S. Macdonald, S. Snowball and W. Taylor 77

Plasma cyclic nucleotide responses to insulin-induced hypoglycaemia and methacholine in patients with hyperthyroidism
Fumihiko Okada, Hajime Ide, Shunichi Hata, Miyuki Honma and Michio Ui 81

Number 2, April 1980

Editorial: Treatment of advanced digitalis toxicity with specific antibodies
Thomas W. Smith 89

The effectiveness of digoxin-specific $F(ab')_2$-antibody fragments in the treatment of digitoxin poisoning: experimental investigations in the cat
T. Hess, G. Scholtysik and W. Riesen 93

Effects of parathyroid hormone and calcitonin on plasma and nephrogenous cyclic adenosine-3′,5′-monophosphate in normal subjects and in pathological conditions
Angelo Caniggia, Carlo Gennari, Fausto Lore', Ranuccio Nuti and Marco Galli 99

Acute ethanol ingestion and haem biosynthesis in healthy subjects
Kenneth E. L. McColl, George G. Thompson, Michael R. Moore and Abraham Goldberg 107

Hormonal and metabolic characteristics of genetically obese Zucker and dietary obese Sprague-Dawley rats
Romano Nosadini, Fulvio Ursini, Paolo Tessari, Maria Chiara Garotti, Flora de Biasi and Antonio Tiengo 113

Effect of indomethacin upon the renin–angiotensin system in patients with Bartter's syndrome
H. Vierhapper and W. Waldhäusl 119

Lipoprotein synthesis and secretion by cultured human intestinal mucosa
D. Rachmilewitz, P. Sharon and S. Eisenberg 125

Lipoprotein lipase in adipose tissue and plasma triglyceride clearance in patients with primary hypertriglyceridaemia
K. G. Taylor, G. Holdsworth and D. J. Galton 133

Irradiation and gastro-intestinal fibrinolysis: an experimental study in the rat
Björn Stenberg, Bo Risberg and Hans-Inge Peterson 139

Microanalysis and X-ray fluorescence spectrometry of platelets in diseases with elevated muscle calcium
R. Yarom, J. Blatt, R. Gorodetsky and G. C. Robin 143

Quantitative studies of very low density lipoprotein: conversion to low density lipoprotein in normal controls and primary hyperlipidaemic states and the role of direct secretion of low density lipoprotein in heterozygous familial hypercholesterolaemia
E. D. Janus, A. Nicoll, R. Wootton, P. R. Turner, P. J. Magill and B. Lewis 149

Kinetic bases of the primary hyperlipidaemias: studies of apolipoprotein B turnover in genetically defined subjects
E. D. Janus, A. M. Nicoll, P. R. Turner, P. Magill and B. Lewis 161

Intrarenal distribution of oxalic acid, calcium, sodium, and potassium in man
Richard Hautmann, Alfred Lehmann and Sibylle Komor 173

Number 3, June 1980

Editorial: Interferon: the need for clinical trials
D. A. J. Tyrrell 177

The effect of beta-adrenergic blockade on metabolic rate and peripheral thyroid metabolism in obesity
R. T. Jung, P. S. Shetty and W. P. T. James 179

Evidence for 25-hydroxyvitamin D deficiency as a factor contributing to osteopenia in diabetic patients with idiopathic haemochromatosis
Louis H. Monnier, Claude Colette, Claude Ribot, Charles Mion and Jacques Mirouze 183

***In vivo* and *in vitro* effects of adrenaline on conversion of thyroxine to triiodothyronine and to reverse-triiodothyronine in dog liver and heart**
A. Nauman, T. Kamiński and K. Herbaczyńska-Cedro 189

Substituting polyunsaturated for saturated fat as a single change in a Swedish diet: effects on serum lipoprotein metabolism and glucose tolerance in patients with hyperlipoproteinaemia
B. Vessby, I.-B. Gustafsson, J. Boberg, B. Karlström, H. Lithell and I. Werner 193

Increased plasma HDL-cholesterol and apo A-1 in sedentary middle-aged men after physical conditioning
Bente Kiens, Ida Jörgensen, Steven Lewis, Gorm Jensen, Hans Lithell, Bengt Vessby, Steen Hoe and Peter Schnohr 203

Hepatic vein oxygenation, liver blood flow, and the rate of ethanol metabolism in recently abstinent alcoholic patients
Hernán Iturriaga, Guillermo Ugarte and Yedi Israel 211

Glucuronidation of bilirubin and the occurrence of pigment gallstones in patients with chronic haemolytic diseases
J. Fevery, R. Verwilghen, T. G. Tan and J. De Groote 219

Regulation of sterol synthesis in human intestinal mucosa
D. J. Betteridge, W. Krone, Carole Middleton and D. J. Galton 227

Interaction of laxatives with enzymes of cyclic AMP metabolism from human colonic mucosa
Bernd Simon and Horst Kather 231

Effects of pancreatic polypeptide on motilin and circulating metabolites in man
T. E. Adrian, G. R. Greenberg, A. J. Barnes, N. D. Christofides, K. G. M. M. Alberti and S. R. Bloom 235

Molecular forms of gastrin in peptic ulcer: comparison of serum and tissue concentrations of G17 and G34 in gastric and duodenal ulcer subjects
J. Calam, G. J. Dockray, R. Walker, H. J. Tracy and D. Owens 241

Exercise-induced release of pancreatic polypeptide and its inhibition by propranolol: evidence for adrenergic stimulation
G. E. Feurle, A. Wirth, C. Diehm, M. Lorenzen and G. Schlierf 249

Number 4, August 1980

Presidential address: Science sans Frontières: Communication in European Clinical Science
Hermon Dowling 253

Editorial: The uncommon pharmacology of chenodeoxycholic acid: the first regulator of biliary cholesterol levels in man
Alan F. Hofmann 257

Editorial: The prevention of postmenopausal osteoporosis
B. E. C. Nordin 259

Intestinal solubilization, absorption, pharmacokinetics and bioavailability of chenodeoxycholic acid
Maurizio Ponz de Lion, P. Loria, N. Carulli, G. M. Murphy and R. Hermon Dowling 261

Prevention of early postmenopausal bone loss: controlled 2-year study in 315 normal females
Claus Christiansen, Merete S. Christensen, Peter McNair, Claus Hagen, Knud-Erik Stocklund and Ib Transbøl 273

The effect of maximal exertion on the levels of plasma peptides in cyclists with different physical working capacities
Konstanty Markiewicz, Waldemar Lutz and Marian Cholewa 281

Renal handling of urate in healthy man in hyperuricaemia and renal insufficiency: circadian fluctuation, effect of water diuresis and of uricosuric agents
F. Lang, R. Greger, H. Oberleithner, E. Griss, K. Lang, D. Pastner, P. Dittrich and P. Deetjen 285

Turnover in humans of β_2-microglobulin: the constant chain of HLA-antigens
F. Anders Karlsson, Torgny Groth, Karin Sege, Lars Wibell and Per A. Peterson 293

Capillary supply and muscle fibre types in patients with intermittent claudication: relationships between morphology and metabolism
Jan Hammarsten, Ann-Christin Bylund-Fellenius, Jan Holm, Tore Scherstén and Marcin Krotkiewski 301

Bile acids and their sulphated and glucuronidated derivatives in bile, plasma, and urine of children with intrahepatic cholestasis: effects of phenobarbital treatment
A. Stiehl, M. Becker, P. Czygan, W. Fröhling, B. Kommerell, H. W. Rotthauwe and M. Senn 307

Parathyroid hormone fragments in secretory granules of human parathyroid adenomata
Harald Mohr, Rolf-D. Hesch, Christopher H. S. McIntosh and Harald Jüppner 317

Hepatic HMGCoA reductase in human cholelithiasis: effects of chenodeoxycholic acid and ursodeoxycholic acids
Paul N. Maton, H. Julia Ellis, Malcolm J. P. Higgins and R. Hermon Dowling 325

Purine and pyrimidine metabolism in hereditary orotic aciduria: some unexpected effects of allopurinol
H. A. Simmonds, D. R. Webster, D. M. O. Becroft and C. F. Potter 333

Number 5, October 1980

Editorial: Adrenergic control of human adipose tissue lipolysis
Ulf Smith 343

Inhibition of human fat cell adenylate cyclase mediated via alpha-adrenoceptors
H. Kather, J. Pries, V. Schrader and B. Simon 345

Bile acid synthesis and excretion following release of total extrahepatic cholestasis by percutaneous transhepatic drainage
A. Eklund, A. Norlander and A. Norman 349

Myofibrillar protease activity in muscle tissue from patients in catabolic conditions
O. Z. Lernau, S. Nissan, B. Neufeld and M. Mayer 357

Effects of jejuno-ileal bypass on serum lipoproteins and glucose tolerance in severely obese patients
J. G. Kral, L. Sjöström and A. Gustafson 363

Plasma vitamin D metabolites in a patient with sporadic hypophosphataemic osteomalacia (adult-onset type)
A. Ulmann, P. Bouchard, M. Garabédian, A. Bourdeau, G. Witmer-Cournot, B. Lacour, S. Balsan and J.-L. Funck-Brentano 369

The effect of cigarette smoke condensate on α_1-antitrypsin, antileukoprotease and granulocyte elastase
K. Ohlsson, U. Fryksmark and H. Tegner 373

Is there a renal phosphorus leak in recurrent renal stone formers with absorptive hypercalciuria?
W. Tschöpe, E. Ritz and H. Schmidt-Gayk 381

Insulin receptors in acute and chronic lymphoid leukaemias
P. Thomopoulos and J. P. Marie 387

Structural and functional correlations in the atrophic mucosa of self-emptying blind loops of rat jejunum
J. W. L. Robinson, H. Menge, P. Schroeder, E. O. Riecken and G. van Melle 393

Circulating adrenaline and blood pressure: the metabolic effects and kinetics of infused adrenaline in man
G. A. Fitzgerald, P. Barnes, C. A. Hamilton and C. T. Dollery 401

Renin uptake by the right kidney in the rat following partial clamping of the left renal artery
M. Meignan, J. Menard, J. P. Bonvalet and C. de Rouffignac 407

Plasma aspirin esterases in normal individuals, patients with alcoholic liver disease and rheumatoid arthritis: characterization and the importance of the enzymic components
K. D. Rainsford, N. L. V. Ford, P. M. Brooks and H. M. Watson 413

Number 6, December 1980

Editorial: The European Journal of Clinical Investigation: a valediction
I. W. Percy-Robb, N. D. C. Finlayson and M. F. Oliver 421

Increased frequency of late pre-β lipoproteins (LPβ) in isolated serum very low density lipoproteins in uraemia
H. E. Norbeck and L. A. Carlson 423

The effect of antacids on the occurrence of bile acid and aspirin-induced gastric lesions in rats
R. J. Morgan, L. M. Nelson, R. I. Russell and T. Plevin 427

Haemodynamic and metabolic effects of combined adrenergic α- and β-receptor blockade with labetol in the exercising human forearm
O. J. Hartling, T. L. Svendsen and J. Trap-Jensen 431

Release of platelet-activating factor (PAF-acether) from alveolar macrophages by the calcium ionophore A23187 and phagocytosis
B. Arnoux, D. Duval and J. Benveniste 437

Serum lipids, biliary lipid composition, and bile acid metabolism in vegetarians as compared to normal controls
A. W. M. Huijbregts, A. Van Schaik, G. P. Van Berge-Henegouwen and S. D. J. Van der Werf 443

Effects of a standardized wheat bran preparation on biliary lipid composition and bile acid metabolism in young healthy males
A. W. M. Huijbregts, G. P. Van Berge-Henegouwen, M. P. C. Hectors, A. Van Schaik and S. D. J. Van der Werf 451

An *in-vivo* study of renal cadmium and hypertension
P. E. Cummins, J. Dutton, C. J. Evans, W. D. Morgan, A. Sivyer and P. C. Elwood 459

Influence of renal denervation on urine concentration in awake and anaesthetized dogs
J. Kurkus, J. Sadowski, R. Gellert and S. Kruś 463

Activities of post-heparin plasma lipoprotein lipase and hepatic lipase during pregnancy and lactation
P. K. J. Kinnunen, H.-A. Unnérus, T. Ranta, C. Ehnholm, E. A. Nikkilä and M. Seppälä 469

Subcellular localization and properties of adenosine triphosphatase in human polymorphonuclear leucocytes
G. P. Smith and T. J. Peters 475

Human gastric mucosal adenylate cyclase activity: effects of various cytoprotective prostaglandins
B. Simon and H. Kather 481

Evaluation of the roles of lipoprotein lipase and hepatic lipase in lipoprotein metabolism: *in vivo* and *in vitro* studies in man
A. Nicoll and B. Lewis 487
